TESTIMONIALS

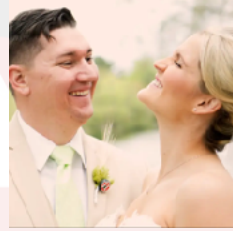

“I was blown away from the initial wedding teaser. I have never seen anything like it. You and your team have amazing talent... Myself and my family must have watched the video at least 10 times in the first week. I felt like every moment was captured perfectly. Steve and I could not stop laughing and saying, “how cool” through the whole video. It seriously was an amazing job well done and I can’t thank you enough for everything!”

— Stefanie & Steven M.

“I cannot find the right word for your talent, you edited the video to create the perfect video. The wedding film was not long and drawn out like most wedding videos. It was like a movie. My biggest fear was that Tell-A-Vision Films was not a referral and we booked at a bridal fair. You assured me everything would be great and provided the service that was promised... I cry and laugh every time I watch the video. All our friends and family said, “Well Done”. Thank you for a happy memory.”

— Linda, Mother of the Bride - Stefanie M.

”Totally recommend... we are all so happy with the final product. Thank you again.”

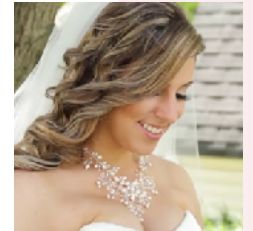

— Amanda H.

“Tell-A-Vision Films is the only option for anyone who doesn’t want to have to worry about getting a wedding video you’ll love. Their team is professional, courteous and most importantly highly skilled in video creation. There were so many moments we were happy to relive and so many small moments that we missed that we’re happy were captured on film.”

— Charell Star, Lifestyle Blogger thatstarlife.com

“Everyone loved the video!!! . . . It is the greatest thing to be able to relive your wedding day and all of the highlights. It’s like watching a mini movie [that] never gets old”

— Dr. Dena Little

“We love the video!!!... Our families can’t say enough good things. It was everything we could have wanted!”

— Kourtney K.
